

Way to GO!!
Your career 'n' courses calculator.

Well done! You've made the first move by downloading this!

Find your way ahead with the MatriX 'Choices Calculator'. Fill in the two columns below as fully and as honestly as you can. Do this somewhere quiet and where you feel comfortable. As well as school subjects, include hobbies, activities and your life now.

Think carefully, it's your life AND YOUR FUTURE.

This is what I like.

This is what I'm good at.
